This car represents Broderick Crawford and that TV series of the 1950's "Highway Patrol". Viewing that series as a youngster convinced Gary Goltz that he wanted to emulate Broderick Crawford when he grew up. And this is exactly what he did. With an appearance similar to Mr. Crawford and a voice just like his, Gary Goltz has fulfilled that wish. To make the complete picture Gary purchased a 1955 Buick, had it refitted just like the one in the series along with adding a sound system that made you feel you were traveling back in time and viewing the show while listening to Broderick Crawford bark out his familiar police commands.

Gary Goltz has made his Highway Patrol 1955 Buick a fixture around southern California, where his car is a familiar scene at local events. Yearly he appears in the Hollywood Christmas Parade and the Upland Christmas Parade. He led the parade in Upland in 2021 to a rousing start and was the talk of that event. The parade organizers have already committed to having he and his Highway Patrol car a fixture in starting each year's parade.

The City of Upland is proud to claim Gary Goltz as one of its citizens and welcome his participation in our civic events.

The Star and the Car
How Broderick Crawford
and a '55 Buick Changed My Life
